

Let your voice  
be heard!

## Platform Action/Hearings

We have been fighting for more than 25 years to improve the quality of life for seniors throughout Alameda County. We have served as a vehicle for seniors and our friends/allies to collectively voice and address older adult concerns. Since 1986 and from our adopted platform we have achieved many victories that have successfully bettered our lives!

At this time we are asking you to help us **shape** our **New Platform** going forward into the future.
